\$800 Reached In Rescue Team Fund Drive — Must Have \$4000

Many Dedicated Men Of Search And Rescue Team Need Our Help

EDITOR'S NOTE — The following is a letter from one who knows the work of the Sierra Madre Search and Rescue Team. Have you helped them in their drive for the necessary funds to cause a letter such as this to be published?

By Mr. and Mrs. Castelan

Mountain search and rescue organizations like to do their work quietly without publicity, with the result that most people, like me, do not even know of their existence, much less of the wonderfully unselfish men rescue work they conduct.

However, the extraordinary recent operation of the Sierra Madre Search and Rescue crew in finding the body of our son, Robert F. Castelan Jr., after his tragic 70 foot fall while hiking in the Santa Anita Canyon, definitely requires public recognition.

It is for this reason that we are asking you to please publish this letter in your publication. It will give at least a little bit of the immense credit which these wonderfully unselfish men deserve.

From the instant my wife advised authorities of our missing 16-year old hiker. (I was unfortunately working in Denver, Colo., at the time) the whole organization started moving, like a machine.

It is almost unbelievable, in this day and age, that a group of volunteers, from all walks of life, including many professional men, could operate in such a wonderful and coordinated plan.

It was Saturday the night before Mother's Day. Every one of them with many last minute arrangements and family matters, etc. and yet these men responded like the "Minute Men" of Washington's time, got themselves ready and equipped, and reported to their center of operations at Chantry Flats to receive instructions for conducting the search.

They started about 10 p.m. Saturday and worked around the clock, without sleep and without taking time to eat properly, in the fog and rain, until late in the afternoon Sunday. Most of them put in over 18 hours of continual work in this operation, going over 36 hours without sleep!

It seems too fantastic to be true, but these men covered the amazing area of —————

A Real Bell Ringer

Here's a real bell ringer. We have a man, and we cannot tell you his name, who has offered to help the Search and Rescue Team in their fund drive, if you will help them.

He has made an out and out offer that for any person that contributes at least \$50 to the operation of the Search and Rescue Team he will add to that contribution \$25.

Now here is a real chance to increase your contribution by thirty-three and one third per cent, and a man with a heart as big as this should be able to at least give \$500, that is if 20 of you can just find the \$50, or more.

At this writing three families have qualified with contribution of \$50 or more and they are:

Mr. and Mrs. David Castelan
Mr. and Mrs. E. C. Rothenberger
Anonymous

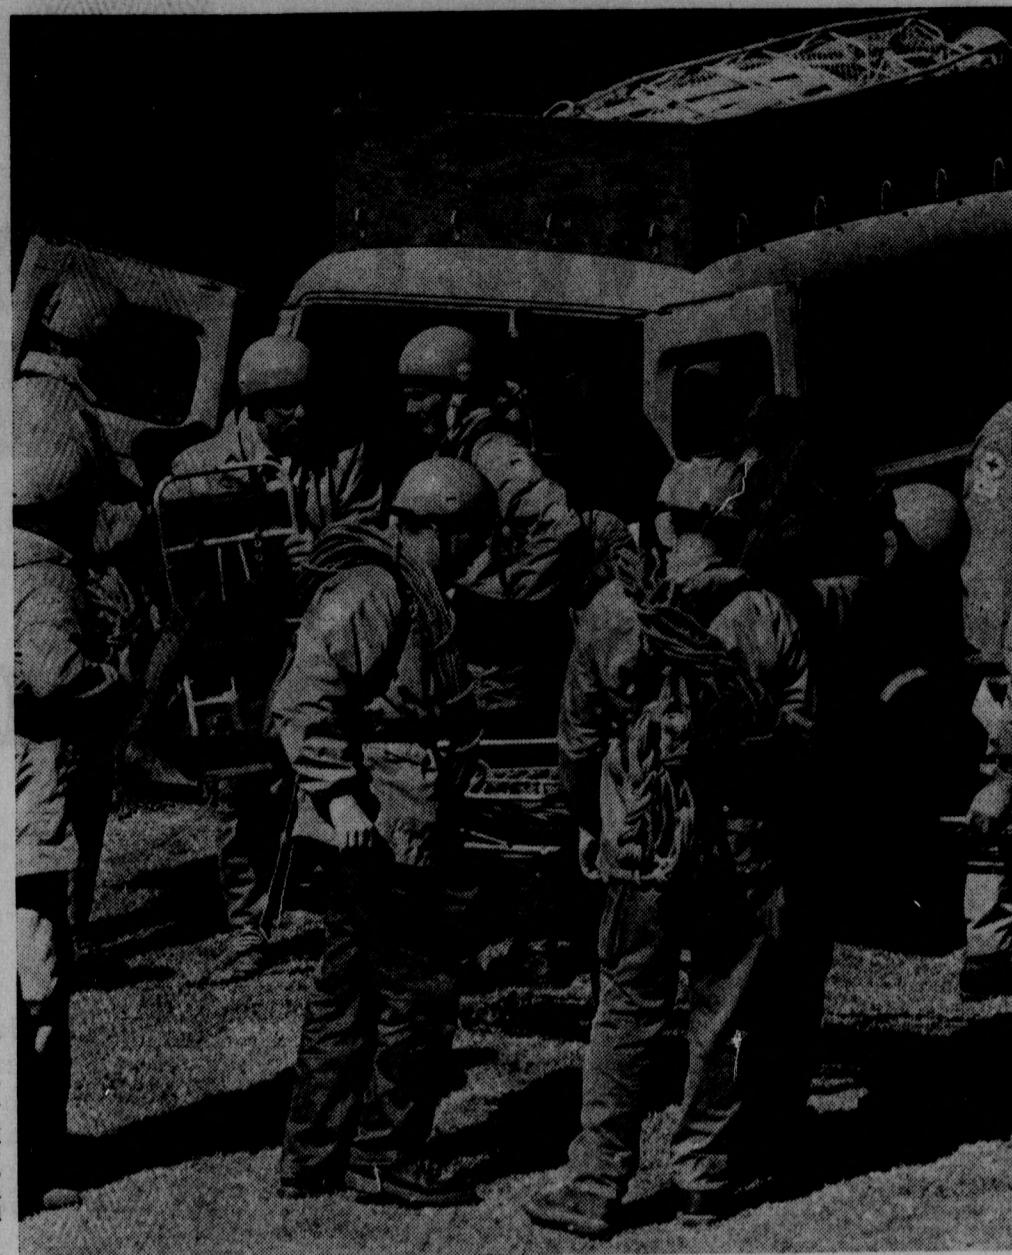

These three contributions now total \$425 instead of the \$350.

House-To-House Search To Be Made This Week

Six hand picked County Sanitation program men have been picked by the County to start on Tuesday of this week and go from house to house in teams of two on Mariposa Avenue and Sierra Madre Boulevard in an endeavor to find the extent of the habitation of the "Violin Spider."

These men will first be subjected to a thorough training and explanation of the spider at the McCurdy Center before the hunt is started.

These men will have identification, so any courtesies shown them by business houses and homes will be appreciated by the City Administration.

MEMBERS OF THE SIERRA MADRE SEARCH AND RESCUE TEAM, leaving their jobs and loading their equipment to go on a search. When they leave they know not when they will return. They have been gone as long as ten days on some trips, generally staying until the victim is found.

Sierra Madrean Named In Art Department Awards

Pasadena City College Art Department honored its outstanding graduating students with scholarships totaling over \$2400 at the annual awards program which also launched the Spring Exhibit of student work in the new Gallery.

The generous scholarships provided by the Ruth Estes Bissiri Memorial Fund went to Robert Jay of Altadena, who also received a Superior Achievement award in painting and will continue at San Francisco Art Institute; and Harry Owens of Pasadena, who received Superior Achievement in ceramics and will continue at CSC Los Angeles. Past winners who will be assisted by Bissiri awards to continue at Art Center School are Kevin Byles of Arcadia, and Howard Maruyama of Pasadena; and Raymond Robinson of Pasadena at CSC Los Angeles.

Honors Extraordinary went to Maxine Barrett of Monrovia in flower arrangement, who also received a Superior Service award; Sharon Schutt of Temple City in design; John Violante of Arcadia in advertising design; George Sherman of Sierra Madre in ceramics; Connie Stong of Altadena in jewelry, who also received a Superior Service award; and Nounou-

Shopping Center Again To Be Heard

The new plan of the shopping center contemplated for the Roberts Market Corner will again be on the agenda at the Planning Commission meeting for Thursday, June 19.

Duckett - Wilson Development Co. is applying for a reclassification of Zone change from R-3 or R-P to Commercial and at the same time asking for a variance on a request to reduce the number of required parking spaces for the shopping complex.

The plan held over from the May meeting provided for a total of 121 parking spaces including city owned 214. The requirement was 214. The new plan, due to purchase of additional property and relocation of

POISONOUS SPIDER BLOW-UP INDICATED

County Health Department Says the Danger of Spider Now Alleviated

By R. ROBERT EVANS

It is now becoming very apparent, to those on the home front, that the finding of the Poisonous Spider in Sierra Madre, the Loxosceles Laeta is being blown all out of proportion by both the news media, television and the County of Los Angeles.

True, we are firm believers that the general public should be notified of its presence, what could happen and the preventative. They should also be well informed as to its location and what to do about it if it is in your location.

There are families in Sierra Madre that are literally scared to death that their homes are now infested with the insect. We have had phone calls as far away as a mile from the finding of the insect and those callers are worried to death about its presence.

Your local Police Department has received calls from Highland Park, Baldwin Park, Arcadia, Monrovia, Pasadena and as far away as Seattle, Washington, all finding, what they think is the "Fiddle Spider" and seeking help. Jar after jar of spiders have reached the Police office, none of them being the spider found in Memorial Park.

It is not our intent to minimize the findings of the poisonous spider in our community, but the very fact that scientists tell us that it has been here for anywhere from 2 1/2 years to 5 years, and during that time not one single report of a person having been bitten, leads us to believe what scientists tell us further, that it is a shy and timid creature, it must be eliminated, but the cause for panic should be nil.

For those who are fearful of the insect, or just want to take precautionary measures, they will find listed in this newspaper this week two or three Pest Control companies who have been recognized for their quality service, who will, for a price, come to your home or business building and use the correct insecticides to rid the property of the Loxosceles Laeta.

Receiving communications from mid-western, eastern and northwestern states,

the newspapers in those areas have led the people to believe that the entire town is infested with the insect, that some of us are moving out of our homes and that business is practically at a standstill. If business is at a standstill it is not due to the spider appearance.

The wild stories that come even out of our community are unbelievable. One lady called to tell us that her son's telephone line had been eaten away by the spiders, she just knew it because she had been trying to get the number for over two hours and the lines were busy.

Others have seen the spider and he is carrying a "Banjo" on his back. City Hall has a collection of some twenty to twenty-five spiders from all over town and all different sizes, shapes and colors.

Yeats Triplets Graduate At PCC Commencement

The second commencement to be held on the campus by Pasadena City College will be presented in the Mirror Pool area on Friday, June 20 at 6:30 p.m. In granting 1596 Associate in Arts degrees, PCC maintains its place near the top among California community colleges as to number of AA degrees granted each June. Over \$37,000 in scholarships have been won by its members.

This year's class comprises 113 from the 1968 first summer session, 75 from the second, 338 from January 1969, and 1070 for June 1969.

A glance through the many names on the roster going from Abbe to Zullo reveals a set of triplets, from Sierra Madre, and two sets of twins, several married couples and a mother and daughter.

The Yeats triplets of Sierra Madre all have different majors: Paulette plans to

Fire Call Sunday A.M.

Your Volunteer Firefighters were called at 5:29 a.m. for their fifth response for the month of June to 420 Sycamore Place, which was a vacant lot where cars are parked.

Truck 422 was the first to respond in two minutes 43 seconds to find car No. 2 in full flames, spreading to car No. 1 and to the Ford van No. 3. Car 4 had no burns.

Engine 424 arrived at the scene in 5 minutes 40 seconds and attacked the fire. Car No. 2 in the middle was fully involved and the firefighters were attempting to save three other cars parked in the same lot.

According to the U.S. Post Office, it's a "No, No" for the newspapers to mention or advertise in any way a raffle, bingo, drawing or any other type of lottery... even though it's a fund raising event for a nonprofit organization or for a good cause.

—————
CT —

In fact... a newspaper that fails to comply with this ruling can lose its mailing permit! I'm sure that I don't need to mention that I have a hard time understanding the Post Office's reasoning in this matter, since I am of the belief that most editors are quite qualified to use sound judgment in determining whether a raffle is for a good cause or not... and whether the public will be hurt by advertising the same...

—————
CT —

Such fund raising drives happen every day... and this doesn't seem to concern Uncle too much... but to let anyone know that they're happening is the "No, No" So... now you know why such events (important to a small community) do not receive any publicity in this newspaper.

—————
CT —

I asked our Chief of Police, Jim Zurcher, the other day what was the best thing to get as a gift for a man who has everything... quick reply... "A burglar alarm." How true, how true, specially so with the ever mounting burglaries in and out of the area.

—————
CT —

The following is a poem that I have been asked to repeat. It was some three years ago that we published it, and have just recently found it, and I am sure that you agree that it is worth the effort of reprint...

—————
CT —

The poem is titled "No Indispensable Man" Take a bucket and fill it with water. Put your hand in it up to the wrist. Pull it out, and the hole that's remaining, Is the measure of how you'll be missed.

—————
CT —

You may splash all you please when you enter. You can stir up the water galore, But stop and you'll find in a minute, That it looks quite the same as before.

—————
CT —

The moral of this quaint example, Is "Do the best that you can. Be proud of yourself, but remember, There is no indispensable man."

—————
CT —

... how true, how true, several of us should give this some serious thought.

—————
CT —

I had quite a conversation the other day with a young mother in Sierra Madre, she was exploiting the accomplishments of her 5-year old son and her 1 1/2-year old daughter. She said...

One day she rushed into the playroom when she heard her 5-year old son screaming at the top of his voice and found the baby

Beauty Care Supplies Shop In Wisteria Village

If lovely, brunette Kathy Balf decides that maybe blondes do have more fun and she wishes to join the "in" group, it will certainly be an easy matter for her to change the color of her pretty locks.

Kathy and her husband, Charles, are the owners and managers of Sierra Madre's newest business establishment, Beauty Care Supplies, which opened its doors for the first time on April 17. The shop, located in the Wisteria Village at 370 West Sierra Madre Boulevard, is open Monday through Friday from 10 a.m. until 6 p.m. and on Saturdays from 10 a.m. until 4 p.m. During those hours you may find just about anything in the line of your beauty needs—curlers of all types, wigs and accessories, eyelashes, various brands of cosmetics, nylon stockings, hair colorings and tints and even men's toiletries.

The opening of their first business venture has been a dream long cherished by Chuck. Close friends, already in a similar business, helped channel and guide the Balfs towards the beauty supply venture. The couple picked Sierra Madre as they had lived here previously and liked the community and its people. They also felt that there was a need for this type merchant-

Activity Almost Tripled

Search & Rescue Team Responds To Two Calls

The Sierra Madre Search and Rescue Team continues to remain active even though the funds for operation are at a low level. The team completed operations number 31 and 32 this past week, well ahead of the 13 operations completed last year at this time.

Tuesday evening, June 10 the Rescue Team received a call from Tulare County Sheriff Bob Wiley for assistance in searching for a lost 6 1/2 year old boy missing since Sunday from the Balch Park area of the Sequoia National Forest, 25 miles north of Porterville. Realizing the need for additional men, Operations Leader Larry Tweedell notified the Mountain Rescue Association teams in San Diego, Riverside, Montrose, Altadena, Sylmar, Santa Barbara and China Lake.

All of these teams responded to the call and sent additional searchers bolstering the search effort to over 100 men. The searchers were aided by Don Colbert and the Mel Foundation Tracking Bloodhounds. Searchers continued the search throughout the week, hampered all the time by poor weather conditions and rain. As of Sunday no firm leads or clues had been found of

First Time Visit To California

David Ammons, brother of Mrs. John Quarnstrom of Sierra Madre, recently spent two weeks in "Sunny" California. He arrived June 1 from Greenville, South Carolina, where he is a junior high school teacher working on his master's degree. He visited such spots as Disneyland, Knott's Berry Farm, Marineland, the arboretum, Bob Quarnstrom's cabin in Big Bear, the Dick James cabin in Lucerne Valley, and San Gabriel Canyon. His visit was terminated June 12. He enjoyed a visit with Marge and Ted Quarnstrom and their six children on Baldwin; Doris (Ammons) and John Quarnstrom on Montecito and Susie and Bob Quarnstrom on Mari-pasa.

He returned to an anxiously awaiting family, Mr. and Mrs. Frank Ammons, and his fiancée Sherilyn Barker, a second grade and music teacher in Greenville, South Carolina.

Sierra Madreans Graduate At U of C

More than 2600 students are expected to receive degrees from the University of California, Santa Barbara, in commencement exercises at the Campus Stadium at 2 p.m. Saturday, June 14. Approximately 2,175 students will receive undergraduate degrees in 45 disciplines, and about 493 will be awarded advanced degrees in 34 fields. The list includes:

Sierra Madre: Bachelor of Arts—William Herbert Coulson III, 195 S. Canon Ave., Business Economics. Master of Arts—Richard Alworth Johnson, 24 W. Mira Monte Apt. C, Sociology.

'Honor Roll' Party Held

The Toy Loan "Honor Roll" Party was held on Wednesday evening, June 4 in the Sierra Mesa Cafeteria at 7 p.m. Acting as MC for the event was Jane Donelson, assistant coordinator at Los Angeles County Toy Loan Headquarters.

Mr. James Abernethy, as in the past, awarded the certificates to the "Honor Borrowers" doing a most capable job as always.

All the "Toy Soldiers," serving as hostesses, were on hand to help and many of them were recipients of the Honor Certificates.

Civic Club members present were Mrs. Nancy David, new Toy Loan chairman; Mrs. Peggy De Palma, newly elected Civic Club president; Mrs. Irene Jackson, chairman of the County Toy Loan Advisory Board, and Mrs. Mary Buchan, retiring Civic Club president.

Mrs. Jane Buchan and Mrs. Betty Wade were in charge of the entertainment for the party.

Mrs. Don Lewis Installed In College Office

Mrs. Don Lewis, 480 Gatewood Lane, was installed as ways and means chairman of the Associated Women for Pepperdine College in ceremonies June 6 in Friendship Hall at the Los Angeles college.

Mrs. Lewis assumes her new post after having served the AWP in various offices on both the district level and on the general board.

The AWP is a service organization whose aim is to support Pepperdine College. Membership dues go to scholarship assistance and money raised in AWP activities is invested in campus improvements.

Membership is open to all women interested in Christian education.

Pepperdine College is an independent, liberal arts, Christian college in southwest Los Angeles. The college is in the process of constructing a second campus in Malibu.

100,000 Person At Retreat At Mater Dolorosa

Another milestone in the 37 year history of the Mater Dolorosa Retreat House in Sierra Madre, was reached when the 100,000th retreatant attended a recent retreat, it was announced by Rev. Damian McHale, director.

Much to his surprise, Elmo Pratt, a pharmacist who lives at 1907 W. Vernon, Los Angeles, was presented with a commemorative plaque by three Retreat League officers attending the weekend retreat, along with 76 others from parishes scattered throughout Southern California.

Mater Dolorosa was the first permanent retreat house in the Southland. It was opened to the public by the Passionist Fathers on May 6, 1932. Last weekend was the 1,828 retreat. Over the years an average of 74 men each weekend have taken time out from the routine of every day pressures to make a spiritual inventory of their lives.

Mater Dolorosa Retreat House is the most completely equipped in the West. It is located on the southern slope of Mt. Wilson, about 12 miles from Los Angeles. Its rooms look out on the vast sweep of the San Gabriel Valley spread out below it.

Elmo Pratt is a graduate of USC School of Pharmacy, is married, and an active Reservist with the U.S. Marine Helicopter Squadron HMM 764.

First child for the Forrest R. Besockes is a boy. The 7 pound 9 ounce first born arrived on Tuesday, June 10 at the Huntington Memorial Hospital and was named Richard Forrest by his proud parents. Not only is little Richard a 'first' for his parents, he is a first grandchild for his maternal grandparents, Mr. and Mrs. Crasper of Walnut Creek. Mrs. Besocke is the former Susan Crasper. The Besockes reside at 891 East Grandview.

— ☆ —

As long as we are talking about 'firsts,' we must mention that Louis and Kay Vangen's first grandSON, Michael Christian Vangen, was born on June 6 at the Huntington Memorial Hospital. While Louis and Kay have other grandchildren, Mike, who tipped the scales at five pounds and one ounce, is the first boy in the group. Mike's parents are Norman and Shirley Vangen and his big sister (age four) is Kimberly.

Congratulations to John Cogle of Sierra Madre. The Physical Sciences and Mathematics department at Pasadena City College presented their awards to outstanding graduates including \$1200 in scholarships at a ceremony in the Student Center to which parents, friends, faculty, and students were invited. John was recipient of one of the Superior Leadership and Service awards for geology.

New County Employees Head Named

Victor N. Hochee, 39, has been appointed general manager of the 32,000-member Los Angeles County Employees Association, a post he has held on an acting basis since February.

Hochee joined the LACEA staff 12 years ago as an assistant personnel technician, progressing to personnel technician, assistant to the general manager, executive assistant, chief of the administration division, and chief of the representational services division.

He has been involved in most phases of LACEA activities, with special emphasis on representational services, and has served as consultant to the LACEA Council and many key committees.

He is a past president of the Civic Center Optimist Club — the youngest in its history — and is a member of Town Hall and the Southern California Public Personnel Association. He has also been active in YMCA activities.

Hochee graduated from UCLA in 1953 with a B.S. degree, after attending high school in Pontiac, Mich. His family moved to Los Angeles in 1948.

He and his wife Phyllis live in the Palos Verdes area with their three children, two boys and a girl ranging in age from 2 to 12.

Many Dedicated Men In Search & Rescue

approximately 100 square miles in the worst weather conditions we can imagine! And what's more, the wives of some of the men came up to the center of operations, just to be near their husbands.

There are just not enough nice words in our language to give these wonderful men the everlasting credit they so rightfully deserve!

In conclusion, I wish every newspaper in the country could publish this public recognition of the wonderful work of these unselfish volunteer organizations, for their work is noteworthy on a national scale. It is a true exemplification of their unselfish love for their fellow men, and the purest spirit of Christian charity! God bless them all and their families!

Water Safety Important Does And Don'ts Of

"Raincoats and people can — and must — be waterproofed," says Paul Gerrish of the Gerrish Swim Club of 2715 New York Drive, Pasadena. "Especially our children. The number of pools and other bodies of water available combined with the fact that swimming is second only driving-for-pleasure as American's favorite leisure-time activity makes this water-proofing absolutely essential."

About 90,000 in-ground swimming pools will be constructed and another 250,000 manufactured or prefabricated pools will be sold and installed this year, bringing the total number of pools in the United States to almost 3 million.

"Fencing required by most local building codes, self-locking gates, pool covers and other safety devices

around the pool offer a great deal of protection," Mr. Toland claims, "but it is still a potential hazard to children."

"Kids can get into, over, or under anything and everything — and they usually do," he continued, "and the only way to protect them completely is by insuring that they can handle themselves in water."

Some of the organizations (schools, community pools, swim clubs, Y's as applicable) in the Southern California area conduct swimming lessons during the summer months. Parents should make sure that their children participate in these. "It's the best form of insurance available," Gerrish believes. And adds that Gerrish Swim Club is one of the best in this locality.

"There is really no minimum age when a child should start swimming. Many youngsters are thrashing and splashing about in water and even swimming before they enter kindergarten. Surely, by the second or third grade a child must know how to handle himself in water," Mr. Gerrish stated.

If you or your neighbor has a pool, swimming lessons make an ideal family project for mothers and children, he says.

Mr. Gerrish noted that safety rules should be taught at the same time swimming is. "Most swimming pool rules are only common sense, and the sooner the child learns not to run on a slippery deck and not to horseplay in the pool, the better off he is. Swimming is a lot of fun for

the whole family without these dangerous games."

Many adults violate these common sense safety rules, however, even after warning their children against such activity. Mr. Gerrish outlined also several "Adult Rules" for those owning pools:

1. If you allow the neighborhood kids to swim in your pool, insist that one of their parents comes along to supervise.
2. Don't swim when under the "influence."
3. No swimming under or near the diving board — and dive only from the front of the board.
4. Don't try to get a marathon record number of laps if you're already tired or have eaten within an hour and a half before.
5. Use plastic or paper cups and plates for refresh-

ments served at poolside. Just a tiny sliver of glass can do great damage and be very painful.

6. Instead of rough-house or horseplay, invest in a couple of games designed for the pool, like water basketball, volleyball, and others which are readily available.

"There's even a checker game designed to float in the water for those less athletic types!" he concluded.

For those of you on the Toy Loan list of borrowers, take notice that the hours will be changing for the summer. Summers hours for the Toy Loan will be Tuesdays and Thursdays from 10 a.m. until 1 p.m. These hours will start on Tuesday, June 24 and continue until school opens in September.

The ingenious Omega Chronostop doubles as a stop-watch and can be worn under the wrist!

Sleek... slim... modern! The dark-grey, non-reflective dial of the Chronostop is accented with luminous hands, a bright red sweep-second hand and luminous dot markers, to give you exceptional readability. Not only is it a handsome all-occasion watch but it offers the plus of a short-interval stop watch.

Press the button and the continuously running sweep-second hand returns to the 12-position. Press the button again, hold it down, and timing in 5ths of a second is under way. A boon to doctors, scientists, photographers, television announcers, technicians, sports referees and anyone else who may like to measure time with super-precision.

Ω
OMEGA

Choice of under-wrist or top-of-wrist models. Also available with special-purpose dials up to \$120.

The Chronostop is fitted with a unique adjustable strap and metal clasp on which you can engrave your name or an appropriate sentiment. Also available with handsome bracelet.

Dorothy La Lone's Mother Succumbs

Mrs. Evelyn McNeely of 608 E. Sierra Madre Blvd. passed away on June 15. She was the mother of Mrs. Ruth Richards Claiborne; Mrs. Dorothy La Lone, Mrs. Maxine Wheatfield; Mrs. Virginia Whitney; and the grandmother of Ernest Smith; Priscilla Hull; David Zehr Whitney; Darrell La Lone, and Annoula La Lone. Four great-grandchildren also survive her passing.

Services are to be held Thursday, June 19, at 2 p.m. at the Wee Kirk of the Heather at Forest Lawn in Glendale.

This is the 33rd anniversary of June is Dairy Month in the United States. 1969 also is the 200th anniversary of the founding of dairying in California.

Milk is one of mankind's oldest foods, with ancient records indicating that cows were milked in 9,000 B.C.

You and Your Neighbor

Larry Cluff and Colleen Simpson of Sierra Madre were two of the sixty-nine graduates of Pasadena City College to earn membership in California scholastic society, Alpha Gamma Sigma it was announced by the college last Friday.

Howard W. Rush of Sierra Madre was reported to have been named as commercial sales manager for a large organization this past week.

The Robert Behren family of 20 West Mira Monte have as their houseguests for the summer former Sierra Madrens Greg and Gerry Pineda who moved with their family to Cincinnati, Ohio last August. The teenage boys worked away to earn money for their trip this summer, a most commendable thing, and arrived by plane on Sunday, June 15. Since the two brothers used

to form an electric guitar foursome with the two elder Behren brothers, Tom and Jerry they brought their musical instruments along. The four are looking forward to a few engagements at private parties this summer. From what we hear they are pretty darn good. The Pineda boys are the sons of "Bing" and Peggy Pineda who used to reside on Olive Street. Welcome back to this part of the country, boys... and have a very nice summer.

Included in the list of 4100 graduates from Harvard University of Cambridge, Mass. was Dennis O. Lynch of 700 Sierra Madre Blvd. in Sierra Madre who received a Bachelor of Law Degree Magna cum laude. Graduation was June 12.

In the list of graduates from the University of California in Santa Cruz, Donald Christian Brown was listed as a candidate for the degree of Bachelor of Arts. Also listed in the Commencement Exercise of Degrees and Honors was Robert Jean Goldberg, Junior who received a Regents Scholarship to Stevenson College. She is also a Sierra Madren. Commencement was June 15 in Santa Cruz.

Fire Call Two booster lines and 125 gallons of water were used to bring the fire under control. Investigation found that a fuse in the glove compartment of Car No. 2 may have started the blaze. The car was totaled out, with very extensive damage to the two others.

Car No. 1 Chevrolet convertible lost its top, burning of the back seat, exterior damage on the left side, water damage, sun visors and left side windows.

Car No. 2 total passenger compartment, total trunk and partial to the engine, this car was a total loss.

Car No. 3, Ford van, received burns on left side exterior, left side windows burned out, with light burning on the interior.

Car No. 4 received no burns, but had evidence of having been tampered with. Twenty-two Firefighters and one Reserve answered the alarm and were dismissed by Fire Chief Charles Brown at 6:45 a.m. Chief Brown set the damage of the automobiles at between \$2,500 and \$3,000. Car No. 2 had no insurance, stated the owner.

Car 426 and truck 421 also responded to the alarm.

Navy To Cachet

Apollo 11 Covers

Manned Spacecraft Recovery Forces of the U. S. Navy will provide commemorative cachet and cancellation services for the upcoming Apollo 11 manned flight to the moon.

Philatelic coordinators designated for Atlantic and Pacific Fleet Recovery Forces (Task Forces 140 and 130) will receive such covers and make the distribution to assigned ships.

To permit adequate time for required handling of covers, collectors should send pre-stamped, self-addressed envelopes to the appropriate coordinator prior to July 4, 1969. In accordance with U. S. Post Office — Please turn to Page 9

Peter Tarup Appointed

Mayor Robert (Bud) Hartman, at the regular meeting of the City Council held on Tuesday, June 10, appointed Peter Tarup, Canyomnite, of Holly Trail as a member of the Sierra Madre Planning Commission for immediate action, with the appointment holding until July of 1971.

Mr. Tarup was appointed by Mayor Hartman and confirmed by the Council unanimously to fill the vacancy created by the inactivity of Commissioner V. S. Sevardjian.

Mayor Hartman has two more vacancies to fill before July 1, one the expired term of Mr. VanDeVerg and the resignation of Chairman Poolman.

Employers Being Urged To Hire Youth For Summer

The Merchants and Manufacturer Association today added its support to Governor Ronald Reagan's second annual appeal to the business community to provide

summer employment for deserving young people. In doing so, it also took cognizance of published reports of a threatened "work-in" aimed at infiltrating regular work forces with students for a Democratic Society (SDS) propagandists.

R. A. Houts New County Fire Chief

Richard Harold Houts, 45, has been appointed County Fire Chief, effective July 1.

On motion of Supervisor Warren Dorn, fire department committee chairman, the Board approved appointment of Houts to succeed Keith T. Klinger, who announced his retirement on April 8 because of a heart condition.

Chief Houts placed first on a competitive Civil Service examination, announced Dorn.

The new Chief also serves as the County Forester and Fire Warden, and is the Fire Chief for 32 cities served by the County Fire Department.

The department is the largest county fire fighting agency in the world, protecting nearly 2 million people in over 2,000 square miles. The department presently has 113 fire stations and a force of 2,500 men.

Houts, a resident of West Covina, joined the Department on April 12, 1942. He served in the U.S. Army Air Corps from 1944 to 1946, and returned to fire duty.

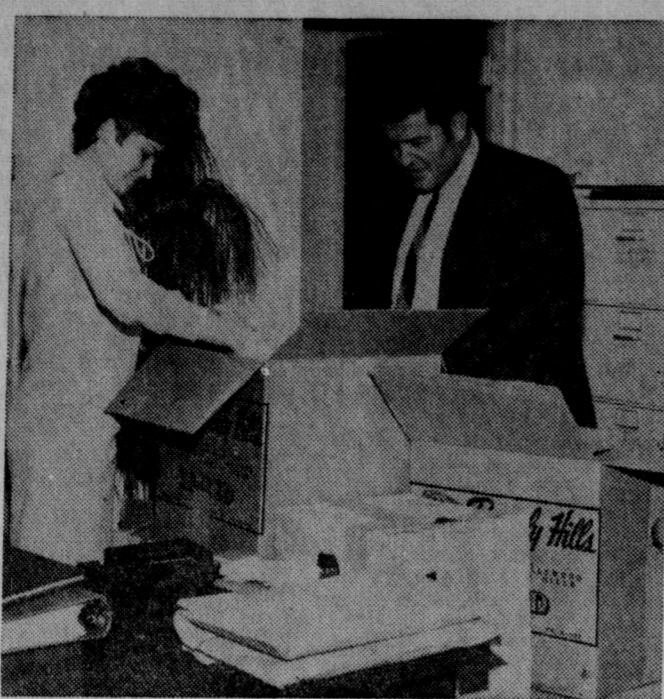

He was promoted to fire prevention inspector in 1948, to captain in 1952, to battalion chief in 1958, to division assistant chief in 1965, and to division chief in 1967. He has headed the Department's Services Division for two years.

A "Work-In Organizers Manual" was included in publicized evidence of the SDS planned attempt to sow dissension and make contacts which would bring subsequent campus-type demonstrations to plants and businesses. There also was a work-in recruiting poster urging SDS workers to capitalize on any dissatisfaction with the Vietnam war.

Personnel departments have been alerted to be sure applicants' credentials and background information check out, Soash stated. The SDS "manual" urges operatives to be vague about their student status among fellow employees at first, and to start organizing "discussion" groups only after gaining acceptance as good workers.

Governor Reagan who made his appeal over the weekend, previously had urged State departments to provide youths with temporary summer work, where feasible, with emphasis on hiring those trying to continue their education despite financial difficulties. This customarily is handled through the Department of Employment, as is much of the general hiring.

"But we would be remiss in our duty to our members — and to their employees — and the vast majority of student temporary workers who have no ulterior motive — if we didn't alert them to the threatened work-in technique."

MOVING INTO MODERN supply and transportation center are approximately 600 General Telephone Co. of California employees. Harold R. Nelms, S&T director and his secretary Jean Johnston, help put their new office in order.

SPORTS AS Hank Ives SEES IT

HOLIDAY WEEKENDS

AND CAMPING
DON'T GO . . . Like it is safer to just stay at home. The recent Memorial Day weekend, a three day bash, license to kill, humans on an anthill, was something unbelievable.

TAKE THE IVES FAMILY for instance. Friend wife and four kids thought they had the jump on the holiday crowd. Wednesday night they took a well-loaded Rambler station wagon with 9-foot "Leaky Tub" firmly tied to the top, and headed for the Colorado River.

FOUR A.M. Thursday morning they were out on the river searching for a campsite in one of thousands of small coves.

SIX A.M. they were calling Dad (that's me) and trying to explain why I shouldn't come down after work because there wasn't as much as one miserable grain of sand on the Colorado River that wasn't already occupied with a tent or tarp.

A ROUNDTRIP of 749 miles and 24 hours later, no-so-friendly wife and kids returned with a new and very firm theory for the future. Don't try to go camping on a holiday weekend without reservations.

RAMBLING AROUND . . . No doubt about it, the Lakers would dearly like to have Bill Sharman as their head coach. Not only is he one of the best in the business but the Inglewood gang would have done considerable damage to their crosstown rivals, the Los Angeles Stars.

SHARMAN made it very clear to all that would listen that he was not interested in leaving the Stars. He is firmly convinced that the ABA is here to stay and that the Stars and the league made fine progress last season.

AS FOR THE LAKERS, look for more things to happen in the JKC empire. Like in the announcing, front office and coaching ranks.

BALTIMORE LINEMAN Jim Parker had a funny comment on the Ram's acquisition of Bob Brown: "Both Brown and Charlie Cowan are right tackles," Jim points out. "One of them is in for a shock when he switches sides. I tried to switch from the left to the right and it was like eating with my left hand all of my life and then being told to feed myself with my right. That's a good way to get a fork in the eye."

SONNY JURGENSEN: "Vince Lombardi asked me to play golf with him and I wanted to know what my handicap was. I told him he was my handicap."

LOMBARDI: "Oh, why is that?"

JURGENSEN: "Because you can stand on the surface and shoot out of water holes."

JOHNNY UNITAS swears he doesn't care if Baltimore is in the AFL or NFL. "It's all the same to me," said the Colt quarterback. "They chase you just as much no matter what league you play in."

DICK HUBBELL, who plays golf once a year whether he needs the practice or not, captured the annual Pasadena Optimist Golf Tourney in a surprise ending that found perennial champ, Gus Trefzger, out of the money. Mike Ward shot an 86 for low gross honors.

ONE OF THE HIGHLIGHTS of Saturday's Orange County Invitational Track Meet will be the two mile race featuring Aussie Ron Clarke and Jack Bachelor of the Florida Track Club, who has the fastest two-mile in the U.S. this year.

Supervisor Dorn Urges Caution

Parents were cautioned this week by Supervisor Warren Dorn to instruct their youngsters to stay away from hazardous construction projects during summer vacation.

Supervisor Warren Dorn strongly advised parents to observe this precaution year-around, but "particularly during the summer months when children receive the least amount of adult supervision, and when the temptation is strongest to explore places they don't belong."

"Los Angeles County and most prudent private builders do everything reasonably possible to protect youngsters from construction hazards," said Dorn.

"We build fences around most jobs, regularly patrol many others and caution our contractors to send children away from work sites as soon as their presence is detected," he explained.

"But we recognize that a fence couldn't be built high enough to keep the truly determined youngster away from equipment, dangerous excavations and so forth. Only their parents can do this."

County Engineer John A. Lambie added that no child has been injured at a construction site under his jurisdiction since 1962. "But we've been lucky," he said.

In addition to on-site safety measures, the Department of County Engineer also distributes announcements of work schedules throughout the neighborhoods where construction is scheduled. These announcements are distributed just prior to the start of construction.

What You Need... WHEN You Need It

WHEN you have a prescription that needs filling...when your car acts up...when you almost forget some important gift-occasion...or when some other Emergency comes along...it's nice to be able to buy what you need...right here where you live...WHEN you need it.

In fact, most of the Emergency Needs that confront us from time to time, are not real problems at all... because local stores and service people are only minutes away, and those needs are promptly filled for us.

But...just suppose that a lot of us take the bulk of our trade...our large purchases, and our everyday buying...to cities and towns 50 or 100 or more miles away...and buy at home only when we haven't time to wait until we can go somewhere else to get it. Then, with their trade volume lower, could we expect local business to be able and ready to serve us in emergencies?

Or, some day, if we need medicine, or a spark plug, or other vital item...will we have to make a long trip to some distant city to get it?

64 Students Have Graduated From St. Rita's School

Sixty-four students of St. Rita's School in Sierra Madre received diplomas in graduation ceremonies on June 6 in the newly completed church.

Graduates began their day by receiving communion in a body at 9:30 Mass, followed by the traditional breakfast served by the seventh grade mothers.

In the evening the eighth graders marched in procession to the church and heard Brother Harold of La Salle High School, speak. Father O'Malley conferred the diplomas, followed by benediction sung by the sixth and seventh grade choir.

A reception was held after services in the church hall for the graduates, their families and guests. The graduates were invited to attend a class party at the home of Mr. and Mrs. Louis Welsh, after the reception.

Earlier in the week the graduates, spent a happy carefree day at Disneyland.

The following received their diplomas: Peter Eisenhart, David Frey, David Johnson, Thomas McGoldrick, Joseph Passage, Melvyn Soriano, Steven Sennette, Mary Brown, Claire Christiansen, Marianne Clark, Susan Davidson, Patricia Edwards, Carolyn French, Angelita Gonzales, Jane Hacker, Susan Hayward, Sara Heck, Therese McGuire, Catherine Siegmeth, Catherine Staggs, Mary Ann Stark, Antoinette Tellez, Nancy Verhovek, Julianne Volner, Michele Waters, Dawn Wilson, Leontine Wynne, Georgene La Lone, John Buchan, Peter Moore.

Also Carol Winfrey, Linda Whitaker, Karye Welsh, Janet Robinson, Cynthia Teeple, Joyce Liska, Kathryn Robertson, Linet L'Honnex, Sally Kendall, Marie Gougeon, Kathleen Germain, Teri Frahm, Teresa Feeney, Margaret Duran. Also Pamela Dreaan, Karen DiNoto, Maureen Coughlan, Christina Brown, Bonnie Brose, Melissa Barraclough, Julie Abram, Tod Tuchscherer, Michael Warfel, Daniel Shannon III, Mark Ruggles, Ronald Rook, Daniel Grimes, Donald Gormly, Terrence Flanagan, Desmond Fischer, Thomas Concidine and Gerald Behrens.

Poisonous Spider

Reports have come in about two girls who were bitten in the park and lay near death in the local hospital, while a mercy plane was sent to Chili for serum. The beating of the drums, have caused people to go completely out of proportion.

True, the spider has extended its living area, but rest assured that the Los Angeles County Health Department will continue to investigate until such time as they pinpoint the extremities of its living area. They will use insecticides wherever the insect is found and make recommendations as to what you should do to eliminate the pest should it be found.

There is absolutely no reason to panic, everything is under control; they are not invading Sierra Madre, they are not coming in, marching in a line with machine guns on their backs. They have been living here a lot longer than some of us, but they are being asked to move on and as rapidly as possible.

Beauty Care

her homework at the shop in between customers and her housework chores are done on Sunday.

From what we've seen of the well stocked Beauty Care Supplies Shop, the Bal's first business venture is bound to be a grand success, and we wish them the very best in addition to extending a hearty welcome to the Community family. However, we do hope that willowy, brunette Kathy will decide that brunettes have just as much fun as blondes... they do... don't they?

Gas Company servicemen are rigorously trained in safe driving, first aid, and the maintenance of all gas appliances.

The tree climbing they learn on their own.

Rescuing cats is not a regular part of a Gas Company serviceman's job. But, then, neither is helping stranded motorists. Or giving pregnant ladies cab fare to the hospital. The thing is, our servicemen are the kind of guys that do those kinds of things. We don't mind. In fact, we encourage them. They're out in the community so much they become a part of it. They want to help and people have come to expect them to help. Fine. But, some fairly strange things happen. One day last summer, for instance, one of our servicemen chased a hit-and-run driver in his Gas Company truck.

Caught him, too. Our servicemen are like that. Determined. Actually, what with the rescued cats and stranded motorists and all the rest, you might wonder how the work gets done. But somehow all the pilots get lighted, the burners get adjusted, the ovens get calibrated, the wall heaters get cleaned, and the gas dryers get checked. And right on schedule. Our servicemen really do a job. Men, we salute you. Keep up the good work.

Camp Fire Girls Receive Honors At Annual Grand Council Fire

"A Night of Recognition" was the theme of the annual Grand Council Fire of Camp Fire Girls held Saturday evening, June 7, for Sierra-Hastings District girls and their families.

More than 120 girls were recognized for achieving rank or for National Honors at Camp Chiquita, the Camp Fire Girls day camp nestled in the foothills of Altadena. Guardian of the fire, Mrs. Huston Denslow, made the acknowledgement of rank as well as the introduction of district director, Mrs. Robert W. Gray, and district committee chairman, Mrs. Douglas Fraser.

In keeping with the slogan of Camp Fire, to "Give Service," Laura Dunn, Mieke Gosma, Debra Ramker, and Nancy Sanborn, high school

age Horizon Club members, were awarded the Horizon Club Community Volunteer Service Certificate. A minimum of 25 hours of volunteer service is required to receive the certificate, however, these girls each contributed 50 to 60 hours working at the Red Cross Center, California Convalescent Hospital, Sycamore Boys Home, Pasadena High School, and as assistants to many Blue Bird and Camp Fire leaders.

Recognition of Group Torch Bearer rank was given to the girls under the guardianship of Mrs. Donald Plaunt. Fire Maker rank acknowledgement went to groups under the guardianship of Mrs. Bruce Crane and Douglas Fraser. Mrs. Crane also had two girls in her group who received recognition for the rank of Wood Gatherer. Wood Gatherer rank also went to groups headed by Mrs. Howard Wagner and Mrs. Jack Kindred.

Mrs. Roy Hoffman, Mrs. Richard Forrester, Mrs. Donald Bohler, and Mrs. James Mize are guardians of groups recognized for the rank of Trail Seeker. Acknowledgement of National Honors was made to groups under the guardianship of Mrs. H. Alfred Dunn, Mrs. William Heller, Mrs. Donald Plaunt, Mrs. Jack Kindred, Mrs. Donald Bohler, Mrs. Bruce Crane, Mrs. Roy Hoffman, Mrs. Pierson Pedley, and Mrs. Douglas Fraser.

A few days before the Council Fire all Camp Fire and Horizon Club girls attended a rehearsal at Camp Chiquita, after which several of the groups stayed for a picnic supper, a most enjoyable way to terminate the school year.

Friends of Tom Embree will be happy to know that he has received his captain's bars in the U.S. Army at the ripe old age of 21. Tom is stationed in Panama where he keeps busy in his spare time taking flight lessons and collecting orchids. Mrs. Embree is busy looking after Tom and going to college.

Fire Side

we'll show you a good time.

—SMVFD—
Speaking of recruits we sure have a nice bunch of them coming along in the department, young fellows that will be taking over the duties in the next couple of years. I can see this old fire horse being put out to pasture in not too many moons.

—SMVFD—
Of course some of the guys will doubt this, but I them. If this keeps up a certain group of guys will have to put in for a change in the constitution and change that 50% down to 10% . . . There are 25 firefighters that know what I am talking about, the rest of the readers will have to by-pass this paragraph.

—SMVFD—
I also notice by the run sheet that Engineer Graves finally got to make a run again, seems that in that last two months or a total of about 25 alarms, he was able to make two or three of 'em . . . Sure is tough to have to work for a living and let all the rest of the fellows who hang around the station all the time make all the runs . . . But, as Lee says, he is going to retire in about 40 years and then he will catch up.

—SMVFD—
This is the week when seven of the boys all take a bath, shave and wash behind the ears, as it is the week when they find out if they advance toward bachelorhood, Captain Burleson is taking them three at a time, he must be in some sort of a hurry, and he has such a nice wife too, and two darling daughters. At the rate he is going he will be a bachelor of something or other in about nine years . . . So young, too.

—SMVFD—
Well, the boys retired Ed Decker in great style on Saturday night, June 14. Ed put in a great number of years in service to the Taxpayers of the City of Sierra Madre, and like all the fellows that reach the time in their lives when they have served 26 to 30 years, we hate to see them go. Losing their knowledge and ability is a great loss to the department, and takes a lot of training of a new recruit before he can even attempt to put on the boots of a seasoned firefighter. So long, Ed, do drop around to see all of us now and then, am now in my 17th year as a regular firefighter. Not in

Sierra Madre, but with two other departments with a gap of fifteen years between active and inactive status . . . but the weak must step aside and let the strong pursue . . . At least they keep telling me this.

—SMVFD—
Leaving the Captain aside, we are now going to speak about Secretary Burleson. He's the feller that fixes up all the weekend duty sheets and I will say that he really worked on this past six months . . . He has me on duty Memorial week-end; Fourth of July week-end; Thanksgiving week-end; New Year's week-end and the week-end of my birthday. I can imagine that he worked mighty hard to try to make it both Christmas and New Years, but one week apart must have stopped him, but then again he probably will be feeling sorry for his brother-in-law, Captain Leonard Hall, or Captain John Buchanan and we'll get Christmas also. You see what he deals out for me, he also deals out for himself as he is the Captain of my crew. Do hope that he realizes that I am a little unhappy with the list, and can plan on a sorta birthday party for me on the week-end of my birthday . . . It's a good thought, I think.

—SMVFD—
If anyone sees Bill Herold around, one of our newest Rookies, will you please tell him that those were not "Banjos" on the head of the spiders found in Memorial Park, they were "Fiddles" . . . they were not Hippie Spiders, they were Hoe Down Western Spiders.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—

millions leave them there!

The Model

"Now I'm big—with a hat like Mommy's!" Amy was really full of herself when we went shopping yesterday.

I was amused, too, as I watched her imitate her mother on the way to church the next day. She really had that walk down to a "T."

I'm glad her mother is her model. She couldn't have a better one. Mary's love of God is reflected in everything she does. Her happiness in serving God and His church is contagious. I should know!

When we were married, I was a sometime churchgoer. Now, I teach Sunday School, sing in the choir and am chairman of the building committee. I find it deeply satisfying to know that my church needs me.

Every church needs the dedicated effort of its members. Experience the joy of serving God.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

Editorially... Speaking

Grass Roots Vote

We are living in the space age. If we are going to keep pace with it, we are going to have to give better services and reduce the cost of government to the taxpayer. To do this, our county government must be overhauled.

Supervisor Kenneth Hahn is urging two far-reaching changes for improvement. Both deserve consideration to ward implementation.

He has proposed that the board of supervisors be increased from the present five to seven members, providing a supervisor for each million people in the county. Two other supervisors have backed Hahn on this proposal and there is a good chance it will go before a vote of the people in 1970.

In addition, Hahn has asked the size of the board be increased to nine members in 1985, when the population reaches nine million, and to 11 in the year 2005 when the population reaches 11 million.

The supervisor also advocates a county-wide chief executive officer. Several counties now have such an office. Vice-president Spiro Agnew was the elected county executive of Baltimore County before he became governor of Maryland.

Under Hahn's proposal, the board of supervisors would have legislative responsibilities and the county executive would head the executive branch. Presently, county supervisors have both legislative and executive authority.

The major overhauls proposed include consolidation of duplicate and overlapping services in bureaucratic departments for savings of millions of dollars.

Hahn believes there should be a county-wide recreation department, library department, sewage disposal system, uniform planning and building code and fire service, to cite a few. This area of consolidation alone is worth pursuing further.

On first study the proposal appears as another attempt of "empire building" within the county's bureaucratic structure. After a second look it seems apparent that this is not necessarily a fact here since controls would be placed on the size of staffs assigned to each supervisor, with fewer deputies from respective supervisory offices serving as taxpayers representatives. Presently, supervisors are so bogged down with legislative responsibilities, forcing them to add more and more field deputies to their staffs to represent them on the grass-roots citizenry level.

Whereas county citizens are too often represented and sometimes even governed by appointees rather than their elected officials, and only the latter can be replaced at the polls, Hahn's proposal would again permit time for the elected to work directly and personally with their constituents.

The main purpose for overhauling county government is for efficiency of service and economy. We believe Supervisor Hahn is bent on this purpose while placing the responsibility of county government where it belongs — on elected officials.

Destitution Ahead

It is one thing for the experts, the economists and the politicians — as well as a lot of businessmen — to discuss in a rather detached manner how much inflation is tolerable. In reality, what is being discussed is how much the purchasing power of the dollar can be reduced each year without upsetting the applecart. As far as those living in the most productive time of their lives, a drop of a few percentage points in the value of money can be absorbed or made up in higher earnings. But for a growing body of citizens, an annual decline in the value of money can be a one-way street to destitution.

There is no escape for those who live on fixed incomes — retired persons and others, who for one reason or another, must make do with a fixed number of dollars. These people are in the minority. But, they are U.S. citizens, and they deserve the same consideration as those for whom so much effort is being put forth in the name of equal rights and equal opportunities. The dollars they hold are government promises that can be exchanged for necessities. Inflation, regardless of its rate, is a repudiation of those promises.

An Empty Boast

Remember more than 10 years ago when former Premier Khrushchev boasted that the Russians would bury the U.S. economically? Khrushchev predicted that the burying would take place within 7 years. Those who remember Khrushchev's boast may wonder how the Russians are doing. As columnist Roscoe Drummond puts it: "... the Soviet economy is not headed to burying us, is not surpassing us, and is not even beginning in any significant way to equal us. If anything the gap is growing wide..." In 1967, Russia's gross national product totaled \$361 billion, which was only 46 per cent of the U.S. total of \$789.7 billion. In electric power, the Russians produced 589 billion kilowatt-hours as compared with the 1,396 billion kilowatt-hours of the U.S. Russian passenger car production totaled 251 thousands as compared with 7,437 million in the U.S. Russia produced 10 million metric tons of meat, and the U.S. produced 15.5 million metric tons. Here is a good illustration of why people should take the words of a political braggart for what they are — hot air.

Budgetary Tokenism

Countless press releases are now coming in from the Board of Supervisors as they tackle their annual budget. Most of these will express the need to cut the budget "to the very bone" and call for big savings here and there, the removing of unnecessary employees from all departments, wherever possible. Each will pledge to do his part to come up with a good budget.

We will be hearing how each will make numerous recommendations that will save the Taxpayers thousands of dollars and give us a budget we can afford. But it's like a well-worn record. It's been played time and time again. Each will disclaim any part of the thousands of new employees that are being added and say most of the added expenses are outside of their sphere of control, but we've heard that song before and feel that it just doesn't have the ring of full truth too it.

Every year these "big cuts" fail to materialize and when it comes time for the vote each will be there to vote for an ever increasing budget from which they have made but token deletions. Judging from their past performances the most we can look for is a picaresque one per cent, "tokenism" in its most infamous form.

SENSING THE NEWS

AROUND THE U. S. CAPITOL

The danger of union violence being carried to the supermarkets and grocery stores of the nation is far greater than most people realize. Legislation now before the Congress may determine whether this violence is to be prevented and whether consumer rights are to be protected in future.

Farm union organizers are working overtime to get a tight grip on agricultural production and veto powers over what farm products are offered for sale at retail outlets. Farm unionists in California grape-growing areas have demonstrated what lies ahead for consumers if unionists have their way. They have sought to organize a national boycott of California grapes.

In New York City, grocery stores selling California grapes have been the target of fire-bomb attacks. In Detroit, efforts to enforce the grape boycott have included acts of violence and harassment of store owners and employees.

Clearly, the public has cause for concern about this situation. Among those who already are deeply concerned — to the point of doing something about the situation — is State Senator Lorraine Beebe of Michigan. Senator Beebe, who is chairman of the Consumer's Rights Committee, recently said it is "only a matter of time before supermarkets and grocery stores are faced with demands to remove any number of thousands of items carried on grocery shelves: cherries from Michigan, oranges from Florida, dairy products from Wisconsin, and brand name products of all kinds."

The roughstuff that lies ahead, unless something is done, was revealed in candid remarks by the Rev. Wayne Hartmire, director of the California Migrant Ministry. He urged boycott supervisors every time you are served grapes in restaurants, camps, church dinners, etc. Misguided church groups, such as the controversial National Council of Churches, have become deeply involved in the California grape situation on the side of the union bosses.

In view of the danger of outright union violence and intimidation of grocery store operators, it is imperative that Congress pass protective legislation. Senator George Murphy, (R-Calif.) has introduced a bill to that end.

Senator Murphy's bill would meet the public need by forbidding all picketing at retail food establishments, outlawing violence as a means of implementing a boycott, and banning secondary boycotts. Sound and necessary as are these provisions of Senator Murphy's legislative proposal, even greater strengthening of the bill is needed to fully protect the consumer's right of access to farm products.

Senator Murphy's bill allows a farmer to get a temporary restraining order against strikes if he can convince the court that the strike threatens loss or spoilage of a crop in commercial quantities. It would be much more to the public interest, however, if the Murphy bill were amended to forbid all strikes at harvest time or at other critical periods. Without a clear statement along this line, union bosses may be able to wipe out a farmer's investment in a crop. Farmers could be caught in a maze of legal maneuvering. It is reasonable to suppose that the individual farmer would find himself in court, faced by an array of high-priced union legal specialists. By the time he defended his rights, his crop could be ruined.

The Farm Bureau is on record as favoring the strike ban, and consumers have good cause for joining with the Bureau in requesting legislation with this provision.

BATTLING THE SPORTS BREEZE . . . OLD HANKUS went on record some time ago picking Joe Frazier to beat Jerry Quarry in their Monday night bout at Madison Square Garden. Guess that? The feeling is still there. Joe Frazier should outpoint Jerry with a TKO a very large possibility. Don't be surprised if Quarry knocks Joe on the seat of his pants in the early going. The Bellflower bomber has the sock but Frazier is a fine boxer with an adequate punch and no glass jaw.

Festival of Gardens On Sat., June 21

At dusk on Saturday, June 21, lights of various kinds and colors will be switched on at Descanso Gardens in La Canada, signaling the beginning of the 6th biennial Festival of Gardens. Lights and Fountains. From 9:00 to 10:00 p.m., the century-old oak forest and the colorful shrubs, flowers and lawns of this facility of the Los Angeles County Department of Arboreta and Botanic Gardens will form the background for 25 separate garden areas created by Southern California's best landscape architects, lighting specialists, and designers of outdoor furniture.

In keeping with this year's celebration of California's bicentennial anniversary, the dominant mood will be Spanish, with patios and ornately tiled pools and fountains suggesting California as it was in the days when Jose Maria Verdugo was patron of a huge Spanish land grant.

As in the past, the Festival is expected to attract close to 100,000 visitors, many of whom will make their visit a day-long outing in order to enjoy some of the Gardens' other attractions. There is, for example, a bird-watching blind which affords a close-up view of the world-famous rose gardens and, for a bit of relaxation and refreshment, the Oriental Tea Pavilion and surrounding Japanese garden. For those who like to eat al fresco there is a special area for early evening picnics.

The purpose of the Festival, which is sponsored by Descanso Gardens Guild, Inc., is to demonstrate the latest ideas in garden and patio design, technically and aesthetically, for the benefit of home owners and builders. This year's exhibits have been designed with the practical needs and financial considerations of the average homeowner in mind.

There is no charge for admission and there is plenty of parking space. Descanso Gardens is located at 1418 Descanso Drive, La Canada.

Mr. and Mrs. Burton A. Burton drove to Mammoth Lakes Memorial week end for a few days of skiing and swimming. Marilyn tells us the skiing was great in the morning but slushy in the afternoon. Memorial Day they drove to Hot Creek where they found the banks of the creek as crowded as Santa Monica beach in the summer. From the run off of the melting snow the water was very deep and not very warm. Usually this naturally heated stream is HOT.

Recently Bert and Marilyn with some friends from San Gabriel traveled by train to Ogden, Utah where they took a bus to Promontory Point 50 miles outside Ogden for the Centennial Celebration of The Driving of the Golden Spike. This historical event was attended by many thousands of people, many in the old costumes of the early west.

Tom and Margaret Schwartz have just returned from a delightful four weeks trip East. Traveling by train to Chicago, then by bus to Wisconsin, Minneapolis, Duluth and Rapid City, where they had a most enjoyable time visiting old friends.

Rapid City will not bring back especially fond recollections as Margaret was hospitalized with pneumonia. We are happy to know she made a quick recovery and was able to enjoy the rest of the trip. This included a drive to Mt. Rushmore with a friend. Upon arrival they found the mountain completely obscured by fog. However, this turned out fine as they stopped for a cup of coffee and like magic the fog lifted. A happy ending to a wonderful vacation was the return trip which was made by plane.

Old, New PTA Board Meet

Letters To the Editor . . .

Dear Editor:

The time has come for every downtrodden, abused taxpayer in the United States to write President Nixon and his Congressmen and scream that unless Congress reduces spending, ends the surtax — and stops foreign aid — there will be a tax rebellion that will curl their hair. Also there will be some new faces in Congress to replace them.

Passage of the surtax was supposed to halt inflation — instead it accelerated. Foreign aid is continuing to cause inflation and is ruining our dollar. Government spending and the hiring of new employees is accelerating. Taxes are draining our very life by the severity of tax collectors.

America's forgotten all-American hero, "Mr. Taxpayer," is finally about to revolt!

Mr. and Mrs. Charles (Bertha) Fried of 249 Auburn returned from their annual seven week visit in that sunny, tropical paradise of Florida (??where's that??) They had a most enjoyable sojourn, visiting friends and relatives, soaking up the warm sunshine, swimming in crystal clear blue water and breathing in lots of smog-free air. Naturally, Charles and Bertha came back looking overly healthy and beautifully tanned. Included in the people they visited with, were Mrs. Fried's brother and sister-in-law. Incidentally, most of the people they saw in Florida were originally from their hometown of Yonkers, New York. Ahhhh . . . how can they steel themselves to return to the daily grind after 7 weeks of relaxing and fun.

A going away party combined with a birthday celebration was held June 15 at the home of Mr. and Mrs. Harry Jackson. Soon after school is out Mrs. Jackson (Irene) and the children Spencer, Deborah and Carolyn are leaving for Breckenridge, Texas, to spend a few weeks with Irene's parents. The children are looking forward to the train and plane trip as well as seeing Grandma and Grandpa. A most interesting time is planned, including hunting, fishing and visiting a real ranch with horses and cattle. The birthday celebration was in honor of Jane Jardine and daughter Karen who both have birthdays this week. Leslie Jardine was also present to join in the festivities.

Rev. Anderson On 'Christian Education'

Special recognition will be given to the teachers of Sierra Madre Congregational Church, 170 W. Sierra Madre Boulevard, Sunday 11:00 a.m. for their services during the past year.

Rev. Richard J. Anderson's sermon title "Christian Education."

We live in a time when science is advancing with great strides. In a few short weeks men will walk on the surface of the moon. Knowledge is important today if you are going to make it in our society. A generation ago the average person thought he was doing well if he had a high school education. Today you can get a college education and still fall short of required educational foundations for many jobs.

With such strong emphasis on know-how we have begun to create a vacuum in the areas of know-why; this matter of purpose. Why am I here? Where did I come from? Where am I going? If a person misses the why of life he misses the purpose of life. It is the task of Christian education to open hearts and minds to Jesus Christ. He alone can lead us into true meaning and show us why we are here.

The average person spends five days a week for twelve to fifteen years of his life getting know-how information. We need more know-why Christian education.

The Junior and Junior High Choirs' trip to San Diego Zoo is scheduled for June 21st.

One of our local Pasadena High June graduates, Pam Burton has been accepted by Cal Poly at Pomona and also at San Fernando State for the fall term. She is still undecided which college she will attend, but we wish her the best of luck. Also Congratulations on her graduation from PHS.

You do not have to compliment everyone, but you can afford, in all truth and sincerity, to pass deserved compliments to those who

Lesson-Sermon For June 22

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of maturity, and decay, the universe, like man, is, and must continue to be, an enigma."

In the Responsive Reading, taken from Job, one verse asks: "Where wast thou when I laid the foundations of the earth?"

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy reads: "The universe, like man, is to be interpreted by Science from its divine Principle, God, and then it can be understood; but when explained on the basis of physical sense and represented as subject to growth, this week's Bible Lesson-Sermon which will be heard Sunday in all Christian Science churches.

United Church Of Christ Now On Summer Schedule

With summer coming on, the Sierra Madre Fellowship of the United Church of Christ will worship on Sundays at 9:30 a.m. starting this Sunday, June 22, at the Altadena Community Church, 943 East Altadena Drive.

"Divorce" is this Sunday's sermon to be delivered by Rev. Bruce Van Blair, who will use Matthew 5:31-32, 19:3-12, Luke 16:18, and I Corinthians 7:10-17, as scriptural basis. The Fellowship will hold a business meeting on Wednesday evening, June 25, to discuss plans for the summer and fall and re-organization of the study group.

Last year's Art and Hobby Show was such a great success that it will be held again this year on Sunday, June 29, from 10:30 a.m. (following worship) till 12:30 p.m. at the church. An All-Church Picnic follows in the afternoon. All are welcome.

The first ice cream soda was introduced in the U.S. at the Philadelphia Exposition.

Lesson-Sermon: 'God's Business'

Margaret M. Stevens, minister of the Santa Anita Church, 226 W. Colorado Blvd., Arcadia, has chosen to speak on "Is Your Business God's Business?" on June 22, at 11 a.m. All are invited to attend to worship with them. Infant and child care is provided.

Dedicated teachers lead graded classes for children from pre-school through seventh grade at 11 a.m. after a fifteen minute worship service in the sanctuary. The young adults hold their meetings on Sunday evenings at 7 p.m.

Thursday at 11 a.m. a class for women meets under the leadership of Rev. Stevens. Requests for prayer are accepted and the public is cordially invited. There is always a project after the class to which women are invited to stay and enjoy a time of fellowship.

For further information call 446-8206. "Dial-for-prayer, 447-6162, and receive a blessing!" suggests Rev. Stevens.

Harlan Thompson, First Western Bank and Trust Company, has been appointed manager of the Sierra Madre Branch. He came from the Pasadena Main Office where he was assistant manager. In May he was installed as president of the Pasadena District Chapter, American Institute of Banking.

Daughters of the British Empire "Killarney Chapter" will hold their regular monthly meeting at 8 p.m. on Thursday, June 27, at the British Home (recreation room), 647 Manzanita Avenue. The meeting will be conducted by the regent. After the business session, there will be a display of shoes in all colors and sizes. Refreshments will be served by hostesses Mrs. Peter Cowell and Mrs. F. Jefferson. This will be the last meeting for the half year; no meetings will be held during July and August. The committee hopes to see all members present.

Search & Rescue Team On 2 Calls

and three bloodhounds responded early Saturday evening and worked throughout the night into late Sunday afternoon to no avail. The scent guide furnished by the mother was not as effective as hoped, so the dogs were not able to get a distinct trail on the missing youngster.

Seventy-five men from the San Bernardino Sheriff's Department, San Geronimo Search and Rescue Team and Valley of the Falls provided the field forces for this search. The boy was originally reported missing at 11 a.m. on Saturday morning and no trace or clues have been seen of him since.

The Sierra Madre Search and Rescue Team would like to remind parents that youngsters become fascinated with the wildlife and flora in new situations, such as vacation trips to the mountain or desert. Keep a diligent eye on them because one minute they are there and the next they are gone. A wise suggestion would be to give each child a whistle on a lanyard to hang around his neck, to be used only in emergencies. It is a very effective tool when used properly.

Rev. Armin Hesse Announces His Sunday Topic

"Drawing the Line" will be the subject of the Rev. Armin Hesse's address for the 10:00 Sunday morning worship hour of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena. The pulpit message will pose such questions as: "Have we surrendered the sense of right and wrong in our modern civilization? Are laws and regulations only relative to persons and situations? Or, are we too weak to draw the line and adhere to it?"

Baby sitting will be available for the 9:00 Sunday School and Bible Classes and the 10:00 worship service.

Special events for this week include a Friday evening Mr. and Mrs. Club outing to the Glendale Center Theater, a junior high school beach outing at 9:30 on Saturday, a Sunday afternoon high school and college hike in Monrovia Canyon, Tuesday evening 7:30 Sunday School Teachers' meeting, Wednesday morning L.W.M.L. sewing group, Wednesday evening high school youth sport night, Thursday evening junior high school sport night, and 8:00 Thursday evening Church-Membership class.

Letters To the Editor

Dear Editor:
Some students of history contend that there is a fine thread connecting various aspects of recorded history, and that this fine thread is not a matter of fate or coincidence but rather the result of a conspiracy by a few individuals, whose basic purpose is to rule the world. Such a contention is looked upon by those now writing history as ludicrous. But is it?

How does one explain President Franklin Roosevelt's choice of "The New Deal" for his slogan, when the New Deal was actually the name of a book written by the socialist, Stuart Chase. Chase felt that "a violent revolution was inevitable" in the United States and that "a better economic order is worth a little bloodshed."

Why did President John F. Kennedy choose to call his plan of action "The New Frontier," when he or his advisors must have known that The New Frontier was the name of a book by the one-time Vice President under Roosevelt, Henry Wallace, who at best was a socialist. Or was the term, "The New Frontier," purposefully taken from the series of research pamphlets published by the League for Industrial Democracy, written by such leading "lights" of the League as Joseph Lash, Harry Laidler, and Theresa Wolfson? Of course, it must be remembered that the forerunner for the notorious League for Industrial Democracy was Fabian Socialism.

Then there was Lyndon Johnson's "The Great Society," which also happens to be the name of a book by the socialist, Graham Wallas.

Is it really coincidence that three of our most recent Presidents actually carried out socialist programs and named those programs after books written by socialists; or could it be that they all, at least through their advisors, were connected by that fine thread which seems to become more and more obvious as years go by?

There are some present-day students of history who have been honest enough to tell the truth about this fine thread — this conspiracy. One is Rose Martin; and she has the facts very scholarly recorded in her book, "Fabian Freeway." It is most reading for anyone who realizes what is happening today throughout the world is more than mere coincidence.

Annual Spring Concert June 21

"Adagio and Allegro," inspired by the paintings of Degas and Velasquez and choreographed by Evelyn LeMone to the music of Bizet, will highlight the Annual Spring Concert to be presented by the Pasadena Ballet Association June 21st, 8:30 p.m. at the Pasadena Civic Auditorium.

Presenting a diversified and more interesting program, the Ballet Association will for the first time, utilize the talents of three choreographers and both its Junior and Senior divisions.

As an added attraction to those interested in cultural events, the Pasadena Artists Association will present an art exhibit in the foyer of the Auditorium. Doors will open at 8:00 p.m. for those who would like to view the art display before the Ballet.

Numbers to be presented by the Ballet Association will include: "Pastorale," music by Tchaikovsky, and choreography by Evelyn LeMone. This number was selected for the Gala Program of the Pacific Regional Festival this year.

"Russian Market Place," choreographed by Evelyn LeMone to the music of Shostakovich and "Corrida De Toros," choreographed by Larry LeMone to the music of Szabo.

"Awakening," an inspiring number choreographed by Tedd Welsh to the music of Saint Sains.

"Winter Fantasy," judged "most liked Ballet" in the recent "Southern California Showcase in La Mirada. This segment of the "Four Seasons" ballet was choreographed by Evelyn LeMone to the Music of Glazounov-Prokofieff.

The Pasadena Ballet Association is an incorporated non-profit group and is a member of the Pacific Regional Ballet Association. The organization will hold auditions for new dancers Sunday, June 29 at 25 S. Sierra Madre, Pasadena.

Persons interested in additional information about the program or the Association, should call 792-0873, 794-3270 or 963-1249. Tickets may be purchased at the Civic Auditorium Box Office, June 19th, 20th and 21st.

Dedication Of Memorial Window Sunday, June 22

Dedication of a large, leaded, stained glass window will take place this Sunday, June 22, at the San Gabriel Valley Council of Camp Fire Girls Council Center in Pasadena.

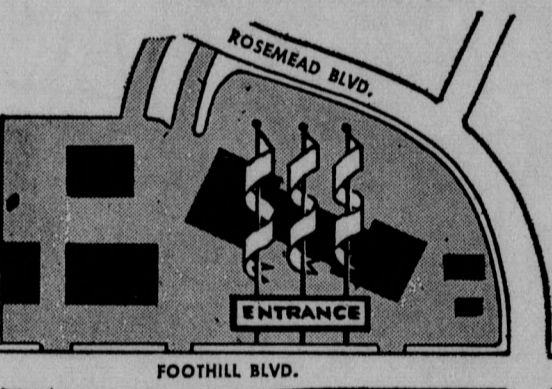

The window, created to enhance the main hall of the Council Center, was made possible through donations given in memory of Louise Avery Burt. Featuring the Camp Fire Girls insignia of crossed logs and flame, and symbols denoting the law of the Camp Fire Girls, the 6 by 8 foot window dominates one end of the high-vaulted room.

Mrs. Burt is remembered for her long service as a volunteer for Camp Fire Girls and especially for her work with the Northwest Project. This project, begun in 1963 to enable girls to participate in Camp Fire who would not otherwise have the opportunity to belong to a youth group, has become a model for inner city involvement throughout the United States.

The 1 p.m. dedication will occur during an open house at the Council Center which will also honor Mrs. Burt's daughter, Mrs. Ervin Wright. Mrs. Wright will retire this summer from her position as director of Altadena and Pasadena Districts, which encompass Camp Fire Girls' Northwest Project. Chairman of the memorial window project is Allie Louise Almoro, of Altadena, member of the council board of directors.

Included in the San Gabriel Valley Council are the districts of Sierra Madre, La Canada, South Pasadena, San Marino, San Gabriel, Rosemead, Temple City, Monrovia, Duarte, Bradbury, Pasadena, and Altadena.

Letters To The Editor And Remarks

Dear Sir:

It is always an amazing thing to read prophecies and see how accurate some individuals throughout history have "called the shots" years ahead of time. One such world-renowned individual described perfectly, almost forty years ago, what is taking place in America today, particularly the situation in our government schools. Here are a few things he had to say then:

"Among the elementary measures the American government will adopt to further the cultural revolution are the following: The schools, colleges, and universities will be co-ordinated and grouped under the National Department of Education. . . . The studies will be revolutionized, being cleansed of religious, patriotic, and other features. . . . Students will be taught on the basis of Marxian dialectical materialism, internationalism, and the general ethics of the new socialist society. Present absolute methods of teaching will be superseded by a

scientific pedagogy."

"The health and education of the young . . . (will be) promoted by vast sport and cultural organizations. In politics, the youth are a real factor, the franchise being based upon the principle, 'old enough to work, old enough to vote.' In every walk in life the antiquated prejudices that the 'elders' alone must lead (will be) broken down. . . . the . . . system will open up a new world for the youth."

"The boasted American home, enslaving the woman through her economic inferiority and her children, makes her dependent upon her husband. On all sides she confronts sex taboos, . . . cultivated by the church. . . . The . . . revolution will profoundly change all this. . . . The free American woman . . . will eventually scorn the whole fabric of . . . sex hypocrisy and prudery. . . . To free the woman from the enslavement of the perpetual care of her children is also a main object of socialism."

Who was the world-renowned prophet who made these claims in 1932? William Z. Foster, National Chairman of the Communist Party, U.S.A.

—Richard E. Woodin

Honorable H. Allen Smith
House Office Building
Washington, D. C. 20515

My dear Mr. Smith:

The taxpayers of America cannot afford S. 33—H. R. 243, entitled the "Community Self-Determination Act of 1969", and I urge that you vigorously oppose this proposed legislation.

These Bills seek to establish a new and independent agency, the "National Community Corporation Certification Board", which would be accountable to NO other government agency and subject only to the general direction and supervision of the President. In the guise of helping new businesses and getting negroes into business for themselves, it would create federally controlled and tax supported corporations everywhere in

hopeless competition with private enterprise. This new agency, accountable to no body, is a bold move to ward a total take-over by extreme left-wingers of both parties in Congress. It follows the bloodless take-over by Communists as used in the conquest of Poland. Federally controlled and tax supported corporations competing with private enterprise is one of the objectives of Communism.

Should these Bills become law, it is estimated that \$100 billion will be added to the taxpayer's burden, and this we cannot afford! Please vote AGAINST S. 33 and H. R. 243.

—C. C. Mosely

Dear Editor:

On behalf of Jehovah's Witnesses living in Sierra Madre, I wish to thank you for printing the various news items pertaining to our church activities the last six months. Some of our members have lived in Sierra Madre for many years and truly appreciate the unbiased attitude you have displayed.

Even though our religious views may differ, we respect the rights of others to worship as they please. We believe in being good citizens, paying our taxes and not demonstrating in any way against local, state or federal government agencies. Although it is contrary to our religious beliefs to take an oath of allegiance to anyone other than our God Jehovah, we do respect and teach our children to honor the American flag by standing at attention when the salute is given at school. One cannot be a law breaker and be one of Jehovah's Witnesses.

Sometimes these things are hard for others to understand, yet, they are not contrary to the way our Lord and King Jesus Christ lived and taught while on earth. Thank you again for your most generous consideration of announcing our Conventions in the Sierra Madre News.

—John Godfrey

Rescue Team In Action

Ten members of the Sierra Madre Search and Rescue Team returned home Saturday, June 7, after an unsuccessful search for the body of a skydiver who drowned in Lake Elsinore after a planned water jump with six other divers.

Missing was Robert R. Hughes, 24, of 1314 West 130th Street, Gardena, who disappeared in approximately 30 feet of water, after an apparently successful jump with six companions.

All the chutes opened up prior to the impact but Hughes sank out of sight, apparently from the lack of proper flotation equipment. After dragging the lake on Friday, Chief Leonard Carnigan of the City of Elsinore called the team Friday night.

After fixing the location of jump site with the aid of a movie film taken by the skydivers, six divers with SCUBA gear from the team, along with five members of the Navy UDT team in San Diego with sonar equipment and six members of the San Bernardino Sheriff's reserves, searched the muddy water to no avail. Visibility was very poor, with the divers just barely able to read their compasses under water at the 30 foot depth because the water was so muddy and cloudy.

This was the 29th operation of the year compared with only 13 at this time last year. This also exceeds by six the total number of operations for 1962, when there were 23 operations.

Richard M. Nixon, President:

The unrest that plagues the present age is a strange disease that is located underneath the human scalp.

Gas Rate Hike Public Hearings Start June 10

Public hearings on the applications of Southern California's largest gas companies for further rate increases will begin June 10 in Los Angeles, the California Public Utilities Commission announced recently.

Proceedings will begin at 10 a.m. in the Commission's Los Angeles Courtroom, State Office Building, 107 S. Broadway, with Commissioner Fred P. Morrissey or Examiner Arch E. Main presiding.

In their latest applications to the Commission, Pacific Lighting and its af-

filiate Southern California and Southern Counties Gas Companies seek rate increases which could run as high as \$15.9 million a year. The gas companies contend relief is needed to offset pending increases in the cost of gas they purchase from out-of-state sources which are under the jurisdiction of the Federal Power Commission.

If granted, the increase would add about 23 cents a month to bills of the average residential gas user.

On March 18, the Commission granted the utilities a \$21.2 million annual rate increase, of which about \$5.5 million is related to the 10 per cent federal surtax and will not be charged when the surtax is eliminated. The rest of the increase was to offset increases in the cost of gas purchased from El Paso and Natural Gas Company.

Summer Music Classes For Adults Offered

The Community Adult Training Center is offering music classes during the summer session which begins the week of June 23.

A class in beginning organ will be offered from 9 a.m. to noon on Mondays, and an intermediate organ (3rd semester) class will be offered from 12:30 to 3:30 p.m. on Mondays. A class in organ—classical—beginning will be offered on Wednesday morning from 9 to 12. Mrs. Adrienne Z. Westerbeck is the teacher of these three classes.

Two piano classes are also being offered during the summer: An intermediate class from 12:30 to 3:30 p.m. on Tuesday and Thursday, which is taught by Mrs. Margaret C. Hancock; and a second semester beginning class which meets on Tuesday night from 7 to 10 with Mrs. Clarice Thompson as the teacher.

All of these classes are open to the public, and there is no charge.

Out of the Cobwebs

Sixty Years Ago:
June 11, 1909

Robert, the little son of Mr. and Mrs. Arthur N. Carter, killed a rattlesnake the other day while trudging along a path in the brush near his home. The rattler was more than a yard long. Pretty good stunt for a barefoot lad of less than ten years.

H. G. Flint and family circumnavigated the Balloon route last Sunday.

Mr. and Mrs. Philip Carter are now settled in their new bungalow just below the Churchill ranch.

If "Curly" Mulholland is not re-instated as motorman on the Pacific Electric it will not be because his Sierra Madre friends failed to express themselves in his behalf. He was dismissed recently for some trifling accident and a petition asking that he be given his former position has been circulated this week. The response leaves no room for doubt as to the attitude of local patrons of the road in the matter.

A. S. Mead went to Fullerton Tuesday, returning Wednesday morning. He was happily surprised to receive a letter from Mrs. Mead Wednesday saying that she was in her way home from Georgia and would probably reach Sierra Madre the latter part of the week.

Mr. and Mrs. W. P. Caley were guests of Mrs. S. B. Metcalfe Tuesday evening at Ebbeh Club house, Los Angeles, where Mrs. Metcalfe's play, "The Juniper Tree," was presented.

daughter was pulling his hair . . . "Never mind," she said trying to comfort him, "Your baby sister doesn't understand that it hurts you."

— CT —
She hadn't been out of the room for more than a couple of minutes when a shriek sent her running back . . . this time the baby was screaming and crying . . . "Now what's the matter with the baby?" she asked her young son . . . his reply . . . "Nothing much, only now she knows" . . . and that is called opening up the channels of communication!

— CT —
Remember the bad old days of the late forties and early fifties when you could go to any bank or savings and loan and secure a mortgage for 3 1/2 to a high of 5 per cent. Seemed that everyone encouraged you to take out a "Home Improvement Loan" to keep up your investment and keep the community looking bright and prosperous.

— CT —
Today a man of moderate means can scarcely swing a mortgage at all, the rates at your favorite bank or savings and loan now have reached the 8 1/2 to 9 1/2 per cent. Yes, and there are the "Home Loan Improvement stores that go as high as 18 per cent with insurance to break your back. It used to be that you could walk into your banker and borrow a \$100 to tide you over until payday, now they have a minimum of \$15.00 for that type of loan, and for a day, week or a month.

— CT —
And the supreme irony is that the inflationary easy-money policy so long pursued in this country is supposed to bring low interest rates and hence be a great boon to the ordinary citizen. According to the legend of the easy-money boys, high interest rates are simply the result of the greed of bankers and savings and loan managers.

— CT —
Oh yes, they give you all this high talk about paying 5 per cent, 5.25 per cent, but I remember way back in the year 1935 when a Savings and Loan paid a dividend of 5 per cent, and was proud to announce that they had done this ever since incorporation in 1928. The post office then paid 2 per cent for postal savings, banks 3 per cent and other savings and loans 4 per cent.

— CT —
So, on the ordinary basis, when it comes to paying you, interest rates have risen 1.25 per cent, but what you are charged has risen as much as 6 per cent. Is it any wonder that some merchants are wondering . . . Just what has happened to business lately? . . . ?

— CT —
We will close it up for the week with the following remark . . . Back home in Kansas, a friend writes me, that they have taken down the sign, "Watch Your Step" from in front of the local Internal Revenue Office . . . they have replaced it with the sign "Watch Your Language," and you should do this . . . I hope, I hope, I hope.

Yvonne drove up on May 19 to pick up Susan and they returned on Thursday, May 22. After much visiting with friends and family and trips that included Newport Beach, and Disneyland, Susan returned to her home on June 2 via the airways. The Ostis believe that the visit was the shortest two weeks they ever saw! Won't be too much longer before Susan makes them grandparents. Expected heir is due to arrive the last week in August.

Just as sure as God made little green apples, you mention in this column that there has been so many hours since the last fire call and . . . bang, bang, before the ink either gets dry, and sometime before the ink gets on the paper you have a series of calls.

— SMVFD —
Once before this column said that it wasn't going to mention that fact anymore, so guess we will renew our pledge and if I ever do and the Editor lets it slip by, then I guess you will have to blame him for it . . . Just don't put it on my shoulders.

— SMVFD —
Captain John Buchan has been having a little private class of driver's training every Sunday morning, but last Sunday he called it all off. Seems that Ex-Captain and now Reservist Bobby Clark had just finished painting Captain John's truck, he had to spend the time in showing it off.

It was really a beautiful job that Bobby did on the truck; sure wish he would paint the fender of 423 as nice as he did for Captain John. Of course, I can see Bobby's side of the story.

— SMVFD —
When the City owes you money it is just like having it in the bank. Bobby says that business has been rotten lately, and he is saving the painting of 423 when it really gets lousy and he needs the money to buy beans and bacon . . . That could be a good point, however seeing the 1969-70 budget, I wonder if Bobby shouldn't rush right in and paint the Engine and put in for his money . . . The way I see it it would be better in the bank.
